

Red Dog's Enhanced Safety Measures

The health and well-being of our team members, clients, and communities continue to remain our top priority. We are actively following the guidelines established by the Centers for Disease Control. We would like to share the steps we are taking to ensure we maintain a healthy environment for all:

Social Distancing:

We are limiting the number of people allowed in our lobby at a given time. Furthermore, we have placed floor markers in our lobby to ensure that guests are safely spread out to the CDC recommended 6 feet.

Lobby Sanitizing:

We have created a consistent cleaning schedule of all frequently used objects and surfaces in our lobby like door handles, counters tops, etc.

Hand Washing and Sanitizing:

Employees are required to maintain good hygiene at all times, including hand washing and sanitizing. Soap and hand sanitizers are provided all throughout the building for employees and in our lobby for clients to easily access.

Advanced Cleaning Measures:

Cleaning schedules have been developed for each area of the resort. Employees are expected to follow the schedules as trained. All disinfectants used are recommended by the CDC.

Employee Wellness Checks:

Health assessments are done on all employees who plan to enter the building. Face masks and social distancing are implemented inside our resorts. Employees are asked to stay home if they have a fever or show symptoms of COVID-19. Symptoms and educational materials are posted all throughout our resort for employees to easily access.

Masks are required for anyone entering the building.

Stay safe and healthy!
